Subject: Apology

Dear fellow members of the LFNO Board:

As you all know, I inadvertently sent an email to Paige. I was venting my frustration and in so doing used language that was and is inappropriate. I understand that caused much consternation among my fellow board members and I should hold myself to a higher standard even when I have a profound disagreement with a fellow Board member. I regret not following my usual practice of "sleeping on it"; had I done so, I would have stopped myself from causing so much damage and pain.

By this e-mail, I wish to apologize to all board members hurt by my coarse comment and for the subsequent dissention and upheaval that has taken place. Please forgive my error.

Sincerely,

Allen Kelly
