City Planning Commission
1300 Perdido Street
New Orleans, LA 70112

RE: Property Disposition 002/14

Dear City Planning Commission (CPC):

Thank you very much for your consideration of the sale of the Newcomb Boulevard right-of-way between St. Charles Avenue and Freret Street.

In an effort to illustrate to the CPC that the community surrounding Newcomb Boulevard supports this property disposition, our residents, in the last five days, canvassed our neighborhood to assess the support. Enclosed are the results of our efforts.

469 signed petitions representing:

- Newcomb Blvd Residents – 35 of the 36 residents have submitted written support with one resident unavailable.
- CPC Hearing Notice Recipients - 181 petitions from 119 properties in support of the Newcomb Blvd sale. (Please note that the CPC mailing list contained 15-20 duplicates and/or addresses that no longer exist.)
- Residents in Adjacent Properties to Newcomb Blvd - 102 petitions from properties in the surrounding neighborhoods on the same streets the CPC notices were sent
- Residents outside the Adjacent Properties – 186 signed petitions in support of the sale of Newcomb Blvd.
- Of the 4 Adjacent Neighborhood Associations taking a position on this issue 2 are in support of the sale:
 - Newcomb Boulevard Association - Supports
 - St. Charles Avenue Association - Supports
 - Maple Area Residents Inc. - Unknown
 - Upper Audubon Association - Not taking a position

Please note that if a signed petition was not secured for a particular resident in our neighborhood, it is very likely that the resident could not be reached after multiple attempts. We encountered fewer than 20 people who were actually opposed to the sale of Newcomb Blvd.

As you can see, the community at large is indeed in support of the sale of Newcomb Blvd. They understand the history of the street, the safety issues that exist due to the lack of cross streets and want to keep it as it has been since the traffic barrier was established in 2006.

Sincerely,

Christian Rooney
President, Newcomb Boulevard Association

NEWCOMB BOULEVARD ASSOCIATION

38 Newcomb Boulevard, New Orleans, Louisiana 70118 • christian.rooney@fd-cf.com • 504.818.8268

Petition

Support the Purchase of Newcomb Blvd by the Newcomb Boulevard Association

Newcomb Boulevard is a narrow 22 foot wide single-block street spanning four city blocks with no intersecting streets. This narrow design makes Newcomb Boulevard a full twenty (20%) narrower than the typical uptown New Orleans street. Unlike most uptown streets, Newcomb Boulevard is not part of a street grid. Newcomb Boulevard was originally designed and constructed as a private street. Newcomb Boulevard has been in its current configuration for almost eight years, during which time more than half of the street ownership, eighteen (18) homes, has changed hands. I understand that the Newcomb Boulevard Association has submitted a request to purchase the street for fair market value. Given its history and unique nature, I fully support the Newcomb Boulevard Association's efforts to purchase the street for fair market value. Thank you.

Ted

On behalf of #6, #10 and #15 Audubon Place, please advise the CPC that we the owners of the aforementioned homes strongly support the Newcomb Place application that is currently proposed. James Coleman is the owner of #6 and 10; Thomas Coleman is the owner of #15.

Support the Purchase of Newcomb Blvd by the Newcomb Boulevard Association

Newcomb Boulevard is a narrow 22 foot wide single-block street spanning four city blocks with no intersecting streets. This narrow design makes Newcomb Boulevard a full twenty (20%) narrower than the typical uptown New Orleans street. Unlike most uptown streets, Newcomb Boulevard is not part of a street grid. Newcomb Boulevard was originally designed and constructed as a private street. Newcomb Boulevard has been in its current configuration for almost eight years, during which time more than half of the street ownership, eighteen (18) homes, has changed hands. I understand that the Newcomb Boulevard Association has submitted a request to purchase the street for fair market value. Given its history and unique nature, I fully support the Newcomb Boulevard Association's efforts to purchase the street for fair market value. Thank you.

Support the Purchase of Newcomb Blvd by the Newcomb Boulevard Association

Newcomb Boulevard is a narrow 22 foot wide single-block street spanning four city blocks with no intersecting streets. This narrow design makes Newcomb Boulevard a full twenty (20%) narrower than the typical uptown New Orleans street. Unlike most uptown streets, Newcomb Boulevard is not part of a street grid. Newcomb Boulevard was originally designed and constructed as a private street. Newcomb Boulevard has been in its current configuration for almost eight years, during which time more than half of the street ownership, eighteen (18) homes, has changed hands. I understand that the Newcomb Boulevard Association has submitted a request to purchase the street for fair market value. Given its history and unique nature, I fully support the Newcomb Boulevard Association's efforts to purchase the street for fair market value. Thank you.

Petition

Support the Purchase of Newcomb Blvd by the Newcomb Boulevard Association

Newcomb Boulevard is a narrow 22 foot wide single-block street spanning four city blocks with no intersecting streets. This narrow design makes Newcomb Boulevard a full twenty (20%) narrower than the typical uptown New Orleans street. Unlike most uptown streets, Newcomb Boulevard is not part of a street grid. Newcomb Boulevard was originally designed and constructed as a private street. Newcomb Boulevard has been in its current configuration for almost eight years, during which time more than half of the street ownership, eighteen (18) homes, has changed hands. I understand that the Newcomb Boulevard Association has submitted a request to purchase the street for fair market value. Given its history and unique nature, I fully support the Newcomb Boulevard Association's efforts to purchase the street for fair market value. Thank you.

Petition

Support the Purchase of Newcomb Blvd by the Newcomb Boulevard Association

Newcomb Boulevard is a narrow 22 foot wide single-block street spanning four city blocks with no intersecting streets. This narrow design makes Newcomb Boulevard a full twenty (20%) narrower than the typical uptown New Orleans street. Unlike most uptown streets, Newcomb Boulevard is not part of a street grid. Newcomb Boulevard was originally designed and constructed as a private street. Newcomb Boulevard has been in its current configuration for almost eight years, during which time more than half of the street ownership, eighteen (18) homes, has changed hands. I understand that the Newcomb Boulevard Association has submitted a request to purchase the street for fair market value. Given its history and unique nature, I fully support the Newcomb Boulevard Association's efforts to purchase the street for fair market value. Thank you.
